FOREWORD

RSVP, a **registered charity since August 2007**, exists to relieve poverty, advance education and health, and to promote environment protection and improvement. Its **initial priority has been education**, and RSVP currently runs four programmes: School Meals, School Material, HIV Awareness and Bursaries.

As embodied in our previous reports and newsletters, **this charity has always endeavoured to use facts and figures in donors' feedback**. Whilst maintaining such commitment in this edition, an attempt has also been made to provide facts and figures in a photo friendly format.

Our expectation is that our reports give many of you, who will perhaps never manage to visit Bugarama, an opportunity to see what RSVP is doing with your money. **Please notice the language: it's absolutely your money...!**

Aware of this reality, RSVP is so far one of the very few organizations that **enable donors to track their donations online**. With scandals occurring even at the heart of Westminster, isn't it time that no one settled on unquestionable use of their donations? We definitely believe better checks at the donors' end might well be **THE** best way to guarantee value for money for the recipients.

Once again a heartfelt "thank you" to all donors, trustees, officials and volunteers both in Rwanda and UK for another year of inspiring generosity, dedication and sacrifice.

Simon Mbarushimana,
RSVP Coordinator.
